

SAFETY CHECK FOR Grandparents

Your Loving Reminders?

- I supervise my grandchildren at all times when they are in my care.
- I use car seats & booster seats until my grandchild is a minimum of both seven years old and 60 pounds (Connecticut Law).
- I keep all medications, vitamins and household products in their original containers, locked up and out of sight and reach of my grandchildren.
- I have a working smoke alarm on every level and in every sleeping area of my home.
- I have a working carbon monoxide detector in my home.
- I do not allow my grandchildren under age 10 to cross streets alone.
- I supervise my grandchildren around water at all times.
- I set my water heater thermostat to 120 degrees or below to prevent scald burns.
- I make sure my grandchildren always wear a helmet when riding a bike, skateboard or scooter.
- If there are firearms in my home, I store them unloaded and locked up, with ammunition locked in a separate location, out of my grandchildren's reach.
- I keep Poison Control Center (1.800.222.1222) and Emergency Medical Service numbers listed near every telephone in my home.
